Anti Fatigue Standing Mat

## CUSHIONED COMFORT

Standing for long periods of time can stress your joints and cause serious pain; our padded anti fatigue standing mat encourages active movement and stretching for all day comfort at any standup desk.

## FULL BODY BENEFITS

This ergonomically designed anti fatigue mat takes stress off your hips, feet, and back while helping to stimulate blood circulation and increase concentration and productivity. The non-slip mat stays perfectly in place while you move to offer ample standing room and allow for a variety of stances and dynamic stretches. Mini massaging balls, raised edges, and a sloped ramp help you stretch and massage your feet and calves while you work.

## THICK AND DURABLE

Made from thick, black, shock absorbent polyurethane foam. The non-toxic, phthalate-free material easily wipes clean when dirty.
